University of St. Thomas, St. Paul
David Forliti, Mechanical Engineering Department

**MN Department of Transportation (MNDOT)
Office of Aeronautics, St. Paul**
Darlene Dahlseide, Aviation Education Section

A \$400 registration fee for each team is due by December 31, 2023 (note – this is an earlier deadline than in past years since motors need to be ordered earlier too – see handbook). Submit your payment to the following website, run by the National Space Grant Foundation (NSGF). (If this doesn't work as a clickable link, just paste the text into a browser manually.) <https://spacegrant.org/pay/>

On the form for “Item” select “Other” then type “Space Grant Midwest High-Power Rocketry Competition” in the text box that appears. Put that same text in the “Memo A” box, so that it appears explicitly on your payment receipt.

Include your school name and state (required) and your team name (optional, unless your school is fielding more than one team, in which case team name is required too) in one or both text boxes, so that all records are unambiguous about which team the payment covers.

Send any questions/issues about payment to Shirley Campbell campbell@spacegrant.org (and please copy James Flaten flate001@umn.edu).

Sincerely yours,

James Flaten, Ph.D.
Assoc. Dir. of NASA's MN Space Grant
Aerospace Engineering & Mechanics Dept.
