

Symposium in honour of Stefan Müller

at the Carl Friedrich von Siemens Foundation

Munich, November 15, 2013

Organizers:

Gero Friesecke (TU München), Gert-Martin Greuel (Universität Kaiserslautern), Friedrich Götze (Universität Bielefeld), Felix Otto (Max-Planck-Institut für Mathematik in den Naturwissenschaften, Leipzig)

Venue:

The Symposium will take place at the Carl Friedrich von Siemens Stiftung, Südliches Schlossrondell 23, 80638 München.

Programme

- | | |
|----------------------|---|
| 14:00 | Welcome |
| 14:05 – 15:00 | Richard D. James (University of Minnesota)
<i>Recent examples of materials from mathematics</i> |
| 15:05 – 16:00 | László Székelyhidi (University of Leipzig)
<i>New mathematics arising from microstructures</i> |
| 16:00 – 16:35 | Coffee |
| 16:35 – 17:30 | Stefan Müller (University of Bonn)
<i>Statistical mechanics of solids from a mathematical perspective -- questions and some first steps</i> |
| 17:30 | Sektempfang |

The symposium will be followed by the award of the HEINZ GUMIN PREIS FÜR MATHEMATIK DER CARL FRIEDRICH VON SIEMENS STIFTUNG to Stefan Müller. The prize ceremony starts at 18:30.
